

Sr. No.	Question Body and Alternatives	
1	1	<p>The research study involving Human behaviour is called as :</p> <p>A : Qualitative Research – (Correct Alternative)</p> <p>B : Quantitative Research</p> <p>C : Basic Research</p> <p>D : Action Research</p>
2	2	<p>_____ aims to find out immediate problem facing by society.</p> <p>A : Historical Research</p> <p>B : Basic Research</p> <p>C : Quantitative research</p> <p>D : Action Research – (Correct Alternative)</p>

3	3	<p>_____ helps to improve classroom teaching process.</p> <p>A : Historical research</p> <p>B : Cross Sectional research</p> <p>C : Action research – (Correct Alternative)</p> <p>D : Survey study</p>
4	4	<p>Thematic appreciation test used to find out individual traits which comes under :</p> <p>A : Basic research</p> <p>B : Experimental research</p> <p>C : Qualitative research – (Correct Alternative)</p> <p>D : Longitudinal research</p>
5	5	<p>In which research process no external examiner is required ?</p> <p>A : Action Research – (Correct Alternative)</p>

		<p>B : Historical Research</p> <p>C : Experimental research</p> <p>D : Basic research</p>
6	6	<p>Historical research comes under _____.</p> <p>A : Survey research</p> <p>B : Descriptive research – (Correct Alternative)</p> <p>C : Experimental research</p> <p>D : Action research</p>
7	7	<p>_____ is the tool use to justify the pupils response from wide geographical area.</p> <p>A : Interview</p> <p>B : Survey</p> <p>C : Questionnaire – (Correct Alternative)</p>

		D : Test
8	8	<p>This is the Document, which set out your ideas in an easily accessible way _____.</p> <p>A : Research Report</p> <p>B : Research Proposal – (Correct Alternative)</p> <p>C : Interview</p> <p>D : Seminar</p>
9	9	<p>The Best problem for Research is _____.</p> <p>A : Derived from literature</p> <p>B : Past Events</p> <p>C : Arises From the researchers own curiosity – (Correct Alternative)</p> <p>D : Given by research supervisors</p>
10	10	The Most prevalent Descriptive research Technique is _____.

		<p>A : Questionnaire Method – (Correct Alternative)</p> <p>B : Interview Method</p> <p>C : Case study Method</p> <p>D : Experimental method</p>
11	11	<p>The _____ dealt with events that have already occurred.</p> <p>A : Action Research</p> <p>B : Experimental Research</p> <p>C : Historical Research – (Correct Alternative)</p> <p>D : Basic Research</p>
12	12	<p>The philosophical research approach used _____ as the bases for formulating and testing research hypothesis.</p> <p>A : Scientific facts – (Correct Alternative)</p> <p>B : Research outcome</p>

		<p>C : Related Literature</p> <p>D : Statistical Methods</p>
13	13	<p>The research proposal contain the following information :</p> <p>A : Title, Background</p> <p>B : Title , Background, Objectives, Methods, Timetable, Budies and Resource, Expected outcome – (Correct Alternative)</p> <p>C : Title, Literature, Methods , Results</p> <p>D : Methodology</p>
14	14	<p>A discipline deals with collecting, presenting, summarizing and analysing the data is called as :</p> <p>A : Training methods</p> <p>B : Research design</p> <p>C : Research proposal</p> <p>D : Statistics – (Correct Alternative)</p>

15	15	<p>The data possess the characteristics of being numerically expressed is called as :</p> <p>A : Quantitative data – (Correct Alternative)</p> <p>B : Qualitative data</p> <p>C : Primary data</p> <p>D : Secondary data</p>
16	16	<p>The data refers to variable which do not give rise to numerical values is called as :</p> <p>A : Primary data</p> <p>B : Secondary data</p> <p>C : Quantitative data</p> <p>D : Qualitative data – (Correct Alternative)</p>
17	17	<p>What are the 2 types of quantitative data ?</p> <p>A : Nominal and discrete data</p>

B : Nominal and rank data

C : Continuous and discrete data – (Correct Alternative)

D : Continuous and Nominal data

18

18

How will you collect the Quantitative data in research ?

A : Research Method

B : Experiment Research

C : Statistics

D : Standardised Test – (Correct Alternative)

19

19

What is the formula for calculating the 'Z' score ?

A :
$$Z = \frac{X - S}{M}$$

B :
$$Z = \frac{X - N}{S}$$

C : $z = \frac{X+M}{S}$

D : $z = \frac{X-M}{S}$ – (Correct Alternative)

20

20

What is the formula for calculating the 'T' score ?

A : $T = 50 + \frac{10(X-M)}{S}$ – (Correct Alternative)

B : $T = 50 + \frac{10(X+M)}{S}$

C : $T = 50 - \frac{10(X+M)}{S}$

D : $T = 50 - \frac{10(X-M)}{S}$

21

21

A Scale that permits conversion from a raw score to a score capable of comparisons and interpretations is called as :

A : Norms – (Correct Alternative)

B : Validity

C : Reliability

D : Objectivity

22

22

Who is called father of Idealism ?

A : Aristotle

B : Socrates

C : Plato – (Correct Alternative)

D : Mahatma Gandhi

23

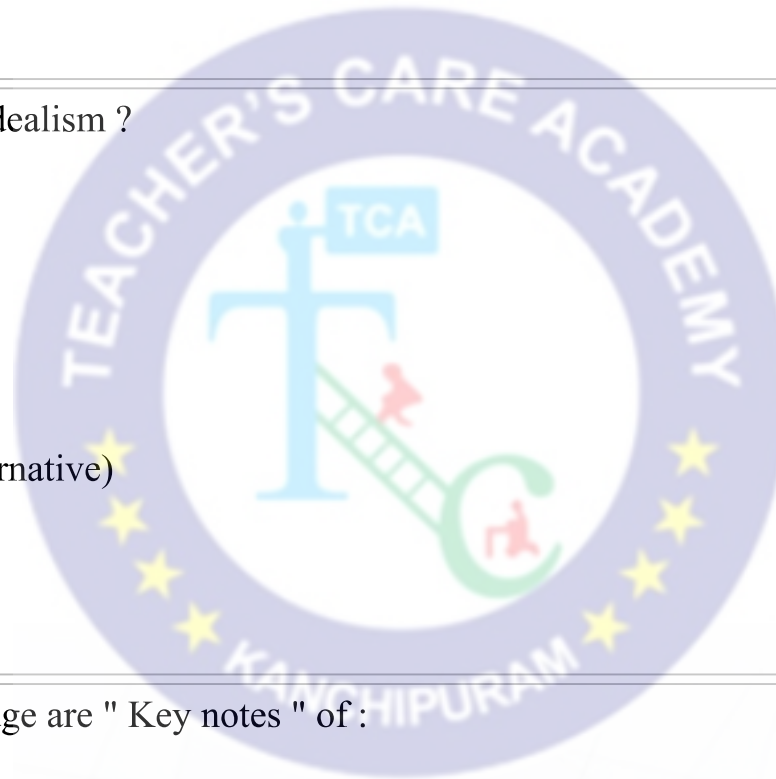

23

Experience and Knowledge are " Key notes " of :

A : Realism

B : Pragmatism – (Correct Alternative)

C : Naturalism

D : Idealism

24 24 Master of philosophy in physical Education the "Dissertation " is :

A : Compulsory – (Correct Alternative)

B : Not Compulsory

C : Choice

D : Interested only

25 25 When did started " Sports Authority of India " ?

A : 1982

B : 1892

C : 1992

D : 1984 – (Correct Alternative)

26 26 First criterion of selecting a test is :

A : Reliability

B : Norms

C : Objectivity

D : Validity – (Correct Alternative)

27

27

Validity test mean :

A : Test of Significance

B : As Accurately as Possible – (Correct Alternative)

C : Subjective Rating

D : Calculating the score

28

28

Test of Norms is :

A : Scale – (Correct Alternative)

B : Consistency

C : Bias of test

D : Easy to understand

29

29

A State of well being related with individuals subjective feeling , optimism is called as :

A : Physical health

B : Mental health – (Correct Alternative)

C : Spiritual health

D : Social health

30

30

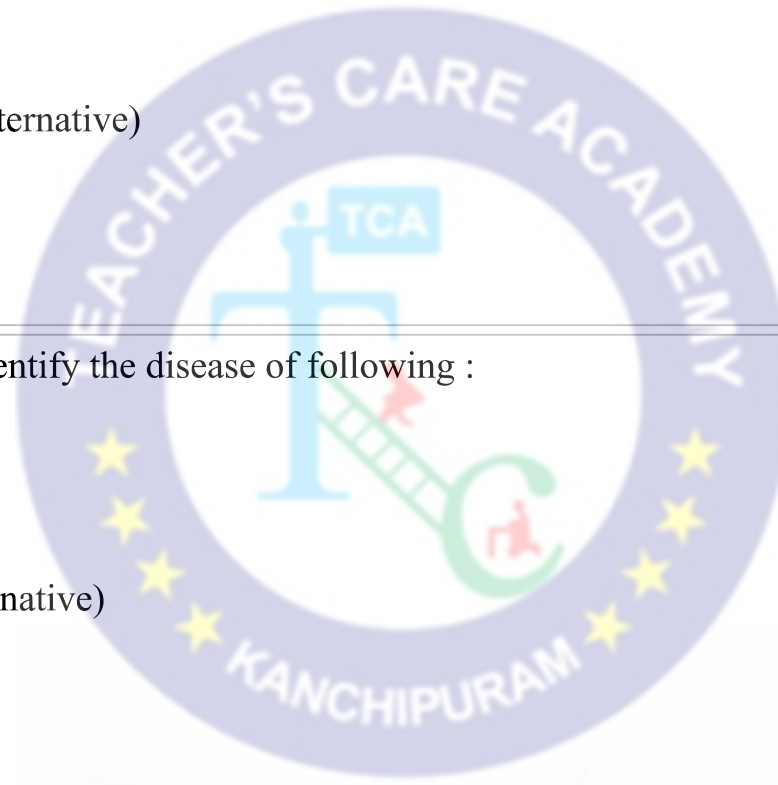

WHO defines health as _____.

A : Physical, mental, social well being – (Correct Alternative)

B : Physical and mental well being

C : Mental and social well being

D : Social and spiritual well being

31	31	<p>Name of the causative organism for hydrophobia :</p> <p>A : Tetanus</p> <p>B : Tuberculosis</p> <p>C : Rabies – (Correct Alternative)</p> <p>D : Coronavirus</p>
32	32	<p>ELISA Test is used to identify the disease of following :</p> <p>A : CORONA</p> <p>B : HIV – (Correct Alternative)</p> <p>C : Typhoid</p> <p>D : Chicken pox</p>
33	33	<p>Expanse of AIDS :</p> <p>A : Acquired Immune disease Syndrome</p>

B : Acquired Immuni Deficiency Syndrome

C : Acquired Immuno Deficiency Syndrome

D : Acquired Immune Deficiency Syndrome – (Correct Alternative)

34

34

Which one of the following is communicable disease?

A : Dengue fever – (Correct Alternative)

B : Coronary artery diseases

C : Congenital heart disease

D : Stroke

35

35

The World No Tobacco day is observed on _____.

A : December - 31

B : March - 28

C : May - 31 – (Correct Alternative)

D : February - 28

36

36

What is incubation period in communicable disease?

A : Period of infection

B : Period of Symptoms

C : Period of treatment

D : Period between infection and symptom – (Correct Alternative)

37

37

The main Objective of physical fitness actually refers to :

A : The fitness of the limbs

B : Increasing the speed & agility only

C : Success in games and sports

D : The ability to perform certain sports skills efficiently by various systems of the body – (Correct Alternative)

38

38

Jump and reach and baithaks will improves....

A : Abdominal strength

B : Abdominal endurance

C : Leg power – (Correct Alternative)

D : None of the given options

39

39

The only way to build muscles and lean body mass is to engage in :

A : Distance running

B : Strength training – (Correct Alternative)

C : Weight lifting exercises

D : Aerobics exercises

40

40

Anaerobic exercises such as weight training & sprinting strengthen :

A : Postpone fatigue

B : Strengthen heart

C : Burn excess fat

D : Strengthen lungs – (Correct Alternative)

41 41 Which is more advantageous tactics for sportsperson during competition ?

A : Record tactics

B : Offensive tactics – (Correct Alternative)

C : Defensive tactics

D : High performance tactics

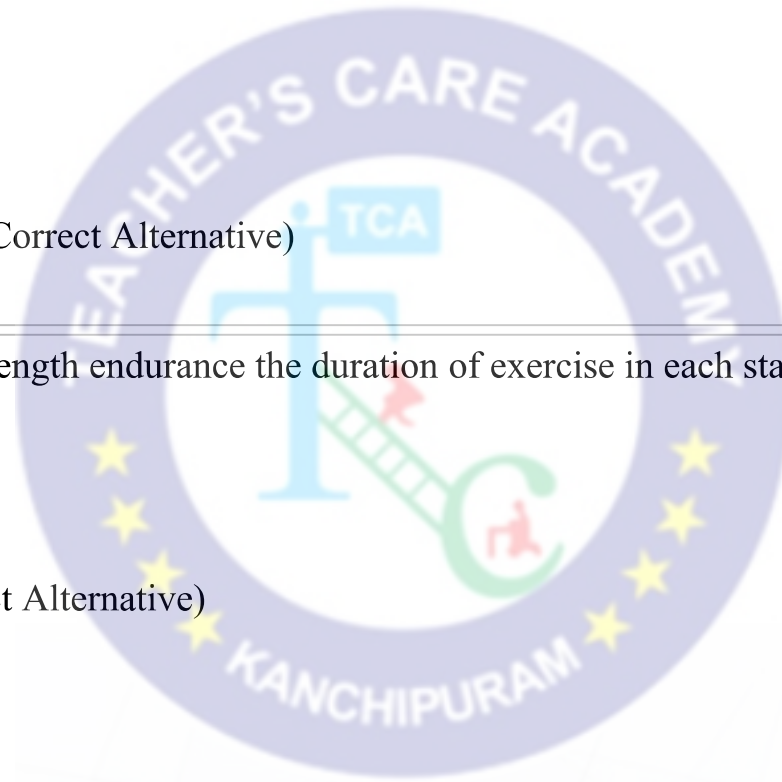

42 42 Isometric contraction otherwise known as :

A : Concentric

B : Static – (Correct Alternative)

C : Eccentric

D : Isokinetic

43	43	<p>Duration of exercise in each station in circuit training for general fitness :</p> <p>A : 20 to 40 seconds</p> <p>B : 30 to 60 seconds</p> <p>C : 60 to 90 seconds</p> <p>D : 30 to 90 seconds – (Correct Alternative)</p>
44	44	<p>In Circuit training for strength endurance the duration of exercise in each station is :</p> <p>A : 20 seconds</p> <p>B : 30 seconds – (Correct Alternative)</p> <p>C : 40 seconds</p> <p>D : 50 seconds</p>
45	45	<p>Fundamental Research is otherwise called as :</p> <p>A : Pure Research</p>

B : Action Research

C : Basic Research

D : Both Pure Research and Basic Research – (Correct Alternative)

46

46

Which Research concern with generalisations and with the formulations of theory ?

A : Applied Research

B : Action Research

C : Fundamental Research – (Correct Alternative)

D : Empirical Research

47

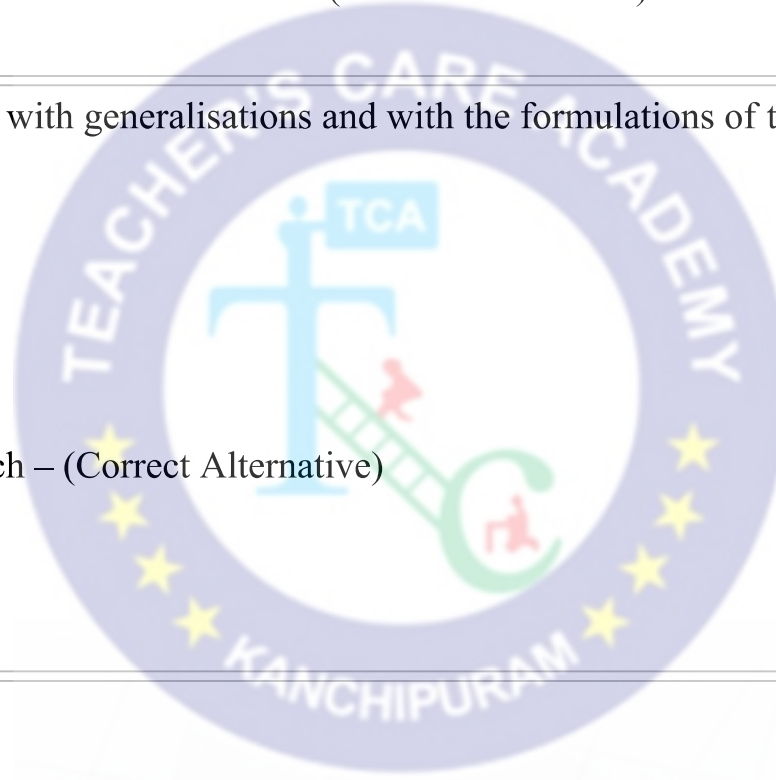

47

Research means :

A : To searching

B : Investigating new things

C : To search Knowledge

D : All the given options – (Correct Alternative)

48

48

Endomorphy body type is a classification of :

A : Kretschmer

B : Sheldon – (Correct Alternative)

C : Jung

D : Friedman

49

49

Contraction Power of a muscle is called :

A : Muscular Endurance

B : Muscular Strength – (Correct Alternative)

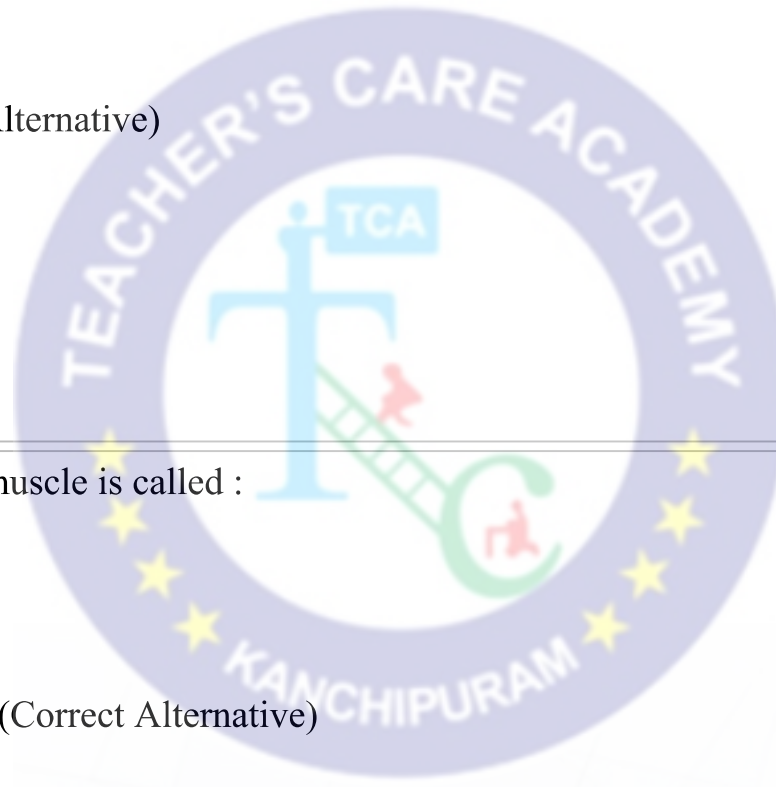

C : Agility

D : Speed

50

50

Ability of a muscle to resist muscular fatigue is :

A : Muscular Endurance – (Correct Alternative)

B : Muscular Speed

C : Muscular Size

D : Muscular Flexibility

51

51

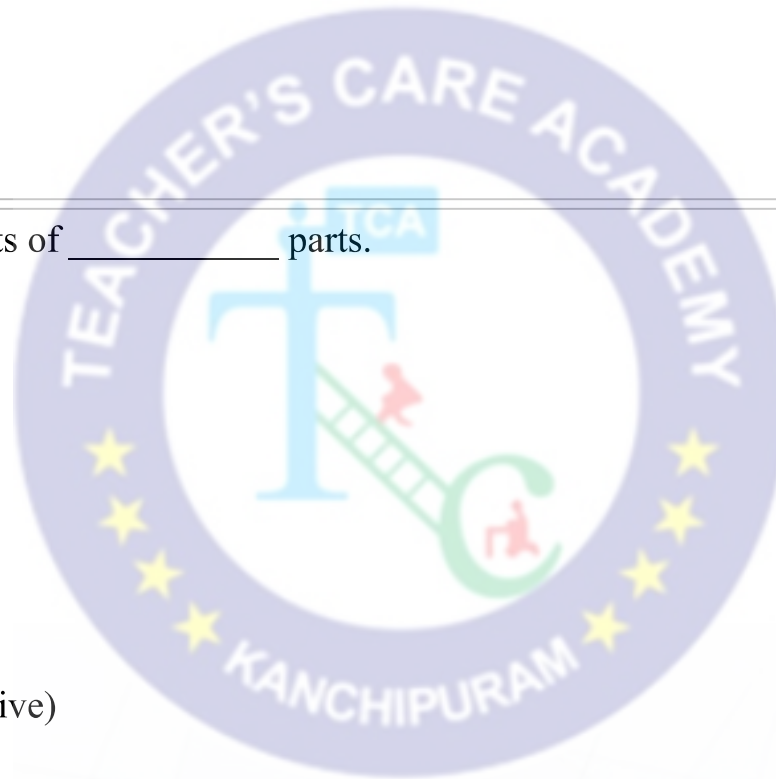

Sports Training is consists of _____ parts.

A : 1

B : 2

C : 3

D : 4 – (Correct Alternative)

52

52

Circuit training is :

A : Only one muscle strengthening exercise done with intervals

B : Leisure time activity

C : 6 to 10 exercises arranged in different stations – (Correct Alternative)

D : One sided training methods

53

53

Basic tactical conceptions are :

A : Offensive or attacking tactics

B : Defensive tactics

C : High performance tactics

D : All the given options – (Correct Alternative)

54

54

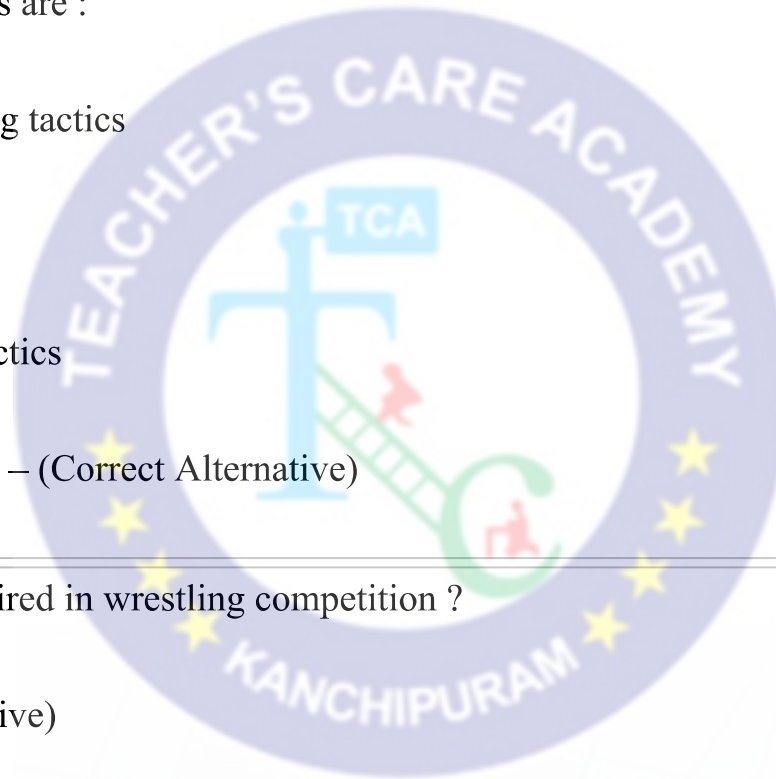

How many officials required in wrestling competition ?

A : 3 – (Correct Alternative)

B : 2

C : 4

D : 5

55	55	<p>What is the maximum length of the hurdle base shall be ?</p> <p>A : 69 cm</p> <p>B : 70 cm – (Correct Alternative)</p> <p>C : 73 cm</p> <p>D : 80 cm</p>
56	56	<p>What is the length of the Antenna in Volleyball ?</p> <p>A : 1.80 mts – (Correct Alternative)</p> <p>B : 1.65 mts</p> <p>C : 1.70 mts</p> <p>D : 2.36 mts</p>
57	57	<p>Maximum size of the Hockey net mesh.</p> <p>A : 20 mm</p>

B : 35 mm

C : 45 mm – (Correct Alternative)

D : 40 mm

58

58

An ideal table should not consist of the following main parts :

A : Table number

B : Theory – (Correct Alternative)

C : Title of the table

D : Captions or column headings

59

59

In research, good hypothesis emerge form :

A : Discussion

B : Literature – (Correct Alternative)

C : Observation

D : Reasoning

60

60

Simultaneous vision with both the eyes is called :

A : Monocular vision

B : Binocular vision – (Correct Alternative)

C : Kineasthetic sense

D : Tunnel vision

61

61

Auditory perception plays an important role in following sport :

A : Wrestling

B : Chess

C : Carrom

D : 100 m Run – (Correct Alternative)

62

62

Nervous reaction to situation is called :

A : Peacefulness

B : Speed

C : Tension – (Correct Alternative)

D : Laziness

63

63

The state of natural body's equilibrium is disturbed due to any threat to organism is called :

A : Equilibrium

B : Balance

C : Stress – (Correct Alternative)

D : Laziness

64

64

The minimum duration for the Harvard fitness test is :

A : 3 mins

B : 4 mins

C : 5 mins – (Correct Alternative)

D : 6 mins

65

65

How many verticals are there in Khelo India programme ?

A : 10

B : 11

C : 12 – (Correct Alternative)

D : 13

66

66

How many steps in Surya namaskar ?

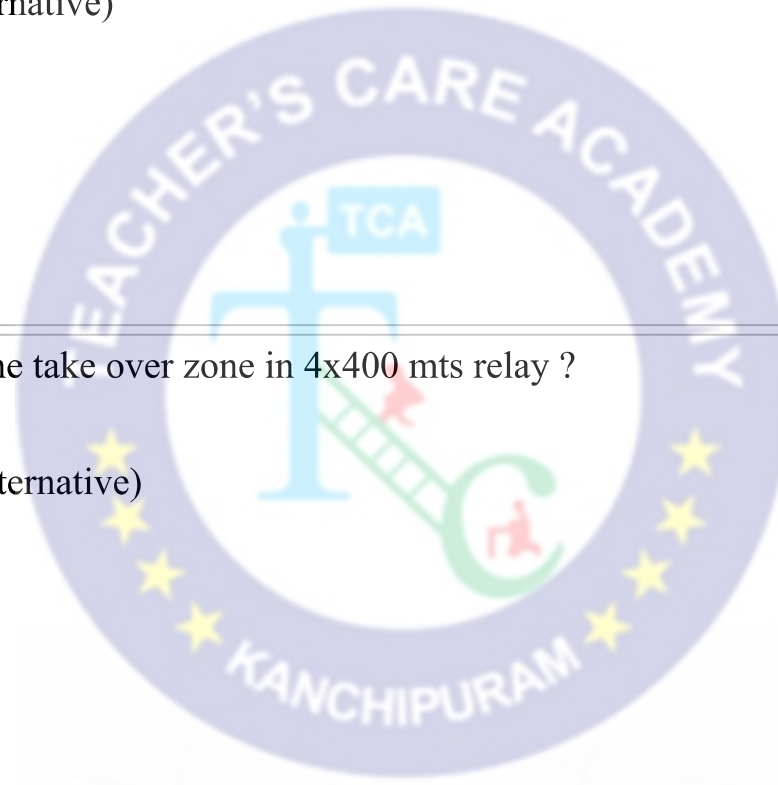

A : 13

B : 12 – (Correct Alternative)

C : 10

D : 15

67	67	<p>In which year Pro kabaddi league launched in India ?</p> <p>A : 2016</p> <p>B : 2014 – (Correct Alternative)</p> <p>C : 2010</p> <p>D : 2006</p>
68	68	<p>What is the distance of the take over zone in 4x400 mts relay ?</p> <p>A : 20 mts – (Correct Alternative)</p> <p>B : 10 mts</p> <p>C : 15 mts</p> <p>D : 22 mts</p>
69	69	<p>The angle of landing sector area of shot-put is :</p> <p>A : 45°</p>

B : 40°

C : 90°

D : 34.92° – (Correct Alternative)

70

70

What is the minimum length of the runway in Javelin throw ?

A : 20 mts

B : 30 mts – (Correct Alternative)

C : 25 mts

D : 50 mts

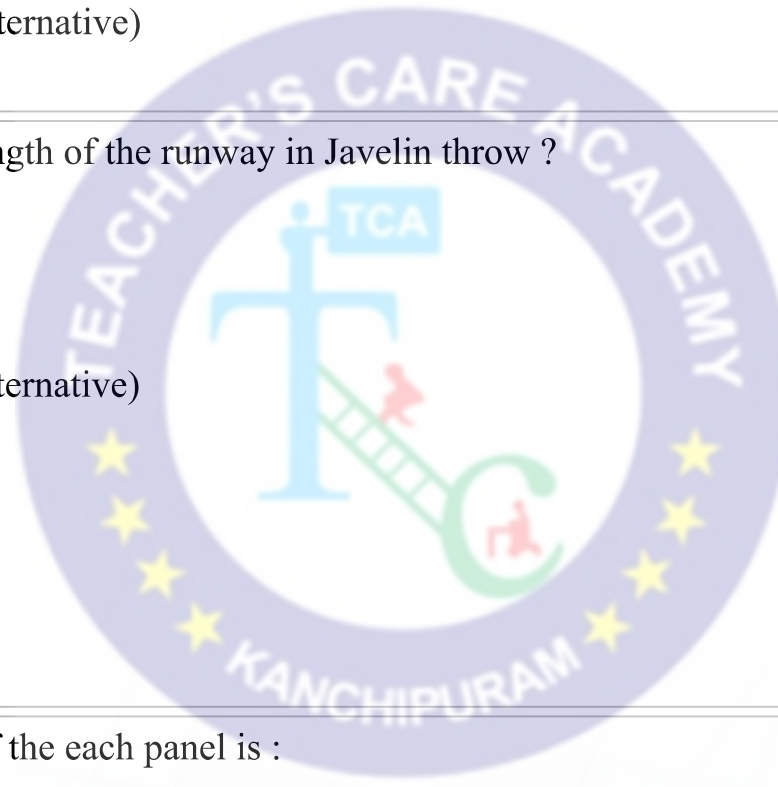

71

71

Hammer Cage - width of the each panel is :

A : 2.85 mts

B : 2.35 mts

C : 2.50 mts

D : 2.74 mts – (Correct Alternative)

72

72

In historical research data like official records are :

A : Primary source – (Correct Alternative)

B : Secondary source

C : Tertiary source

D : None of the given options

73

73

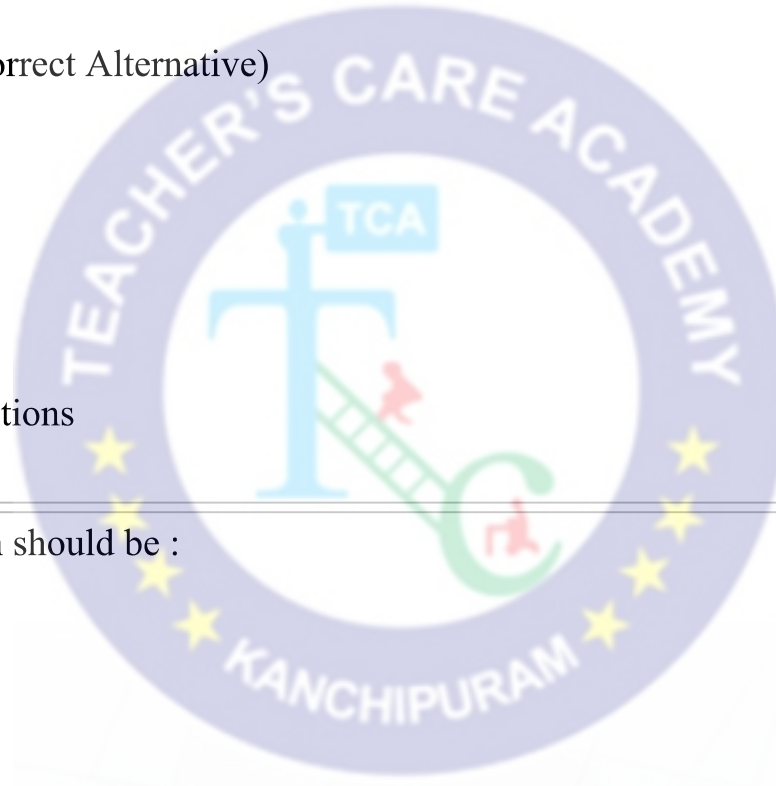

The shape of pie diagram should be :

A : Bar shape

B : Point shape

C : Line shape

D : Circular shape – (Correct Alternative)

74	74	<p>In research tabulation range is derived from :</p> <p>A : Lowest score minus Highest score</p> <p>B : Average score minus Lowest score</p> <p>C : Highest score minus Lowest score – (Correct Alternative)</p> <p>D : Average score minus Highest score</p>
75	75	<p>The questionnaire used to measure personality traits of an individual is :</p> <p>A : Cattell's 16 personality questionnaire – (Correct Alternative)</p> <p>B : Smith questionnaire</p> <p>C : SCAT questionnaire</p> <p>D : Thursthun questionnaire</p>
76	76	<p>In classification of states, cities and regions are classified as :</p> <p>A : Qualitative classification</p>

B : Quantitative classification

C : Chronological classification

D : Geographical classification – (Correct Alternative)

77

77

Which is the following comes under Preliminary Materials in Research Report ?

A : Introduction

B : Results

C : References

D : Acknowledgment – (Correct Alternative)

78

78

Which is the following comes under main body of the Thesis ?

A : References – (Correct Alternative)

B : Appendices

C : Abstract

		D : Title page
79	79	<p>Preliminary Materials includes _____.</p> <p>A : Title page, Acknowledge and Abstract – (Correct Alternative)</p> <p>B : Title page, Abstract and Introduction</p> <p>C : Introduction, Methods and Results</p> <p>D : Title page, Abstract, Introduction and Methods</p>
80	80	<p>Hypothesis means _____.</p> <p>A : Reality</p> <p>B : Recommendations</p> <p>C : Objectives</p> <p>D : Tentative suggestion based on scientific facts – (Correct Alternative)</p>
81	81	It is the specific tool or technique used to measure the performance and skills in sports Field is _____.

A : Test – (Correct Alternative)

B : Sample

C : Interview

D : Survey

82

82

Which scale is based on the Judgment of particular situation ?

A : Ratio scale

B : Interval scale

C : Likert scale

D : Rating scale – (Correct Alternative)

83

83

How will you calculate the Mean from the following formula ?

A : $M = \frac{\sum X^2}{N}$

B : $M = \frac{\sum X}{N}$

C : $M = \sum X/N$ – (Correct Alternative)

D : $M = \sum X + N$

84

84

The point on the continuum of scores above which and below which fall the 50% of the measures will be called as :

A : Mean

B : Median – (Correct Alternative)

C : Mode

D : Standard deviation

85

85

Formula for computation of Standard deviation from ungrouped data :

A : $s = \sqrt{\frac{1}{(n-1)} \sum (x_1 - x)^2}$ – (Correct Alternative)

B : $s = \sqrt{\frac{1}{n+1} \sum (x_1 + x)^2}$

C : $s = \frac{1}{n-1} \sum (x_1 - x)^2$

$$D : s = \frac{1}{n+1} \sum (x_1 + x)^2$$

86

86

Find out the independent variable in the study of effect of plyometric training on dribbling performance in Basketball.

A : Dribbling performance

B : Plyometric training – (Correct Alternative)

C : Basketball

D : Plyometric and Dribbling

87

87

Which of the following is more appropriate statistical technique for comparing means of more than two population ?

A : Standard deviation

B : Quartile deviation

C : 't' test

D : One-way analysis of variance – (Correct Alternative)

88	88	<p>If the ' f ' ratio is significant which of the following test will be used for pairwise comparison ?</p> <p>A : Small sample test</p> <p>B : Large sample test</p> <p>C : Multiple sample test</p> <p>D : Scheffe's test – (Correct Alternative)</p>
89	89	<p>Which one of the following statistical technique will be suitable to verify whether any association exists between two attributes ?</p> <p>A : Scheffe's test</p> <p>B : Chi square – (Correct Alternative)</p> <p>C : 't' test</p> <p>D : LSD test</p>
90	90	<p>For predicting the most likely value of an variable from the known values of others is called as :</p> <p>A : 't' test</p>

B : Correlation coefficient

C : Regression equation – (Correct Alternative)

D : Chi square

91

91

In statistics an error in rejecting a null hypothesis when actually it is true :

A : Level of confidence

B : Level of significance

C : Type II error

D : Type I error – (Correct Alternative)

92

92

In statistics an error in accepting a null hypothesis when actually it is false :

A : Level of confidence

B : Type I error

C : Type II error – (Correct Alternative)

		D : Level of significance
93	93	<p>The basis of physical education is :</p> <p>A : Learning – (Correct Alternative)</p> <p>B : Understand</p> <p>C : Behaviour</p> <p>D : Observation</p>
94	94	<p>Sports training is :</p> <p>A : To develop knowledge and Personality</p> <p>B : To develop Talent</p> <p>C : To develop and Preparation of highest sports performance – (Correct Alternative)</p> <p>D : To develop technical and tactical aspects</p>
95	95	General aims of Physical Education is :

A : Personality development

B : Useful living

C : Good body posture

D : All round development of an Individual – (Correct Alternative)

96

96

How many types of periodisation ?

A : Single

B : Single and multiple – (Correct Alternative)

C : Triple

D : Double

97

97

Drug misuse today has increased by Athletes because of :

A : Seeking out ways to improve performance – (Correct Alternative)

B : Seeking out ways to get families

C : Seeking out ways to get world records

D : Seeking out ways to get Addict that

98

98

International Olympic committee prohibited the Drugs under IA stimulants are :

A : Anticholinergic Drugs

B : Nicotins

C : Alcohol and marijuana

D : Amphetamines and cocaine – (Correct Alternative)

99

99

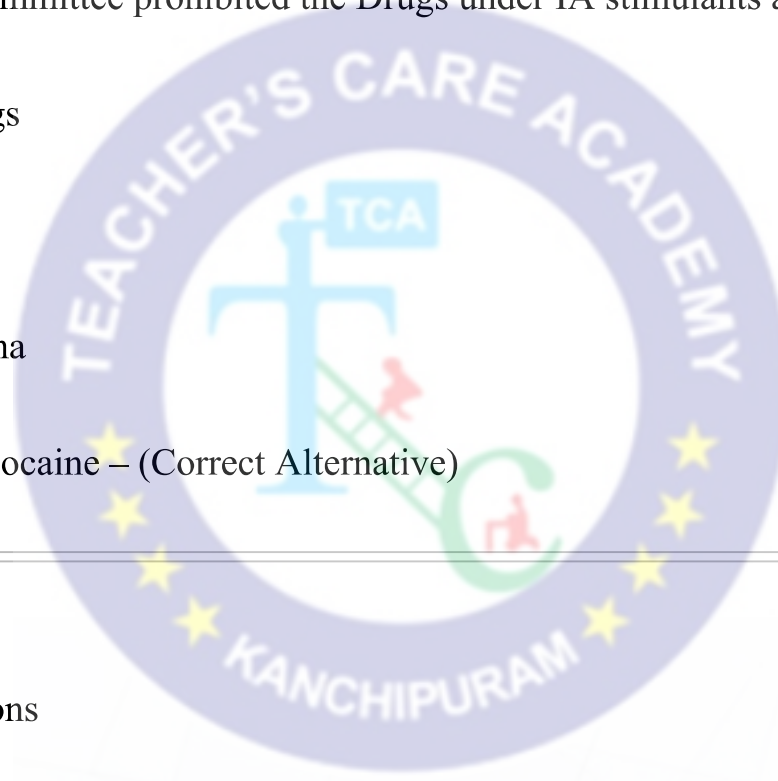

Soft tissue injuries are :

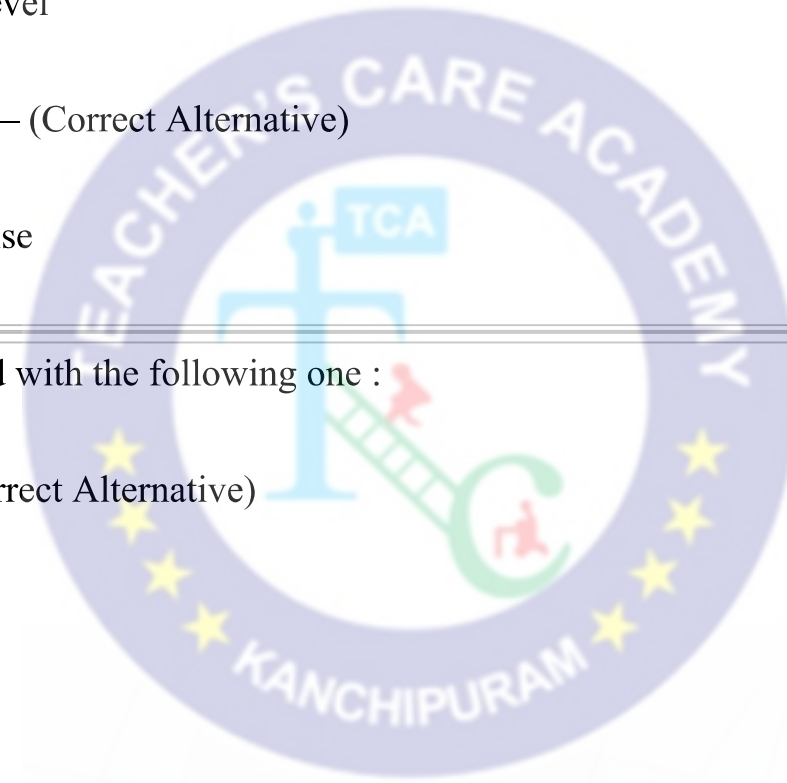

A : Palpation, Amputations

B : Contusion and abrasions – (Correct Alternative)

C : Amputation and Clamping injuries

D : Fracture and dermis

100	100	<p>When Anabolic steroid injected which one is reduce and increase in our body ?</p> <p>A : Immunoglobulin</p> <p>B : Blood and oxygen level</p> <p>C : Glucose and Insulin – (Correct Alternative)</p> <p>D : Hemoglobin and pulse</p>
101	101	<p>Ligaments are connected with the following one :</p> <p>A : Bone to Bone – (Correct Alternative)</p> <p>B : Nerve</p> <p>C : Skin</p> <p>D : Central nerve</p>
102	102	<p>The premenant change in behaviour as a result of experience and practice is called as :</p> <p>A : Motivation</p>

B : Training

C : Learning – (Correct Alternative)

D : Conditioning

103

103

Who is the father of Psychology ?

A : Thorndike

B : Koheler

C : Henry Murray

D : Sigmund Freud – (Correct Alternative)

104

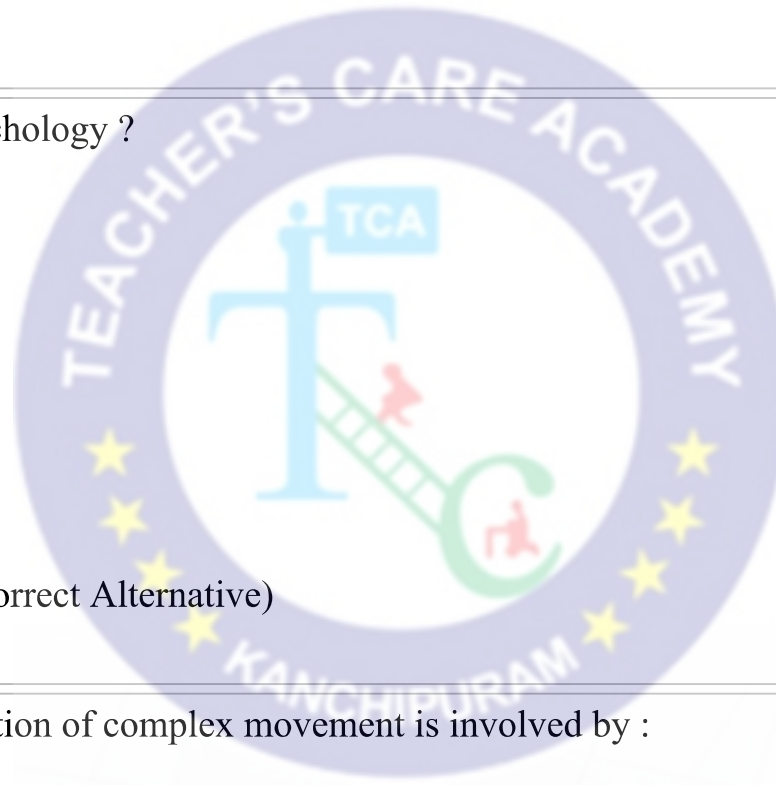

104

Co-ordination and execution of complex movement is involved by :

A : Spinal cord

B : Medulla

C : Right brain – (Correct Alternative)

D : Left brain

105

105

Agility development is closely related to _____.

A : Aerobic training

B : Weight training

C : Speed training – (Correct Alternative)

D : Interval training

106

106

Plyometric training improve in which of the following motor Compact ?

A : Speed

B : Co-ordination

C : Explosive power – (Correct Alternative)

D : Agility

107

107

Bounding is a drill for developing :

A : Speed – (Correct Alternative)

B : Endurance

C : Co-ordination

D : Agility

108

108

Emotions are categorized into _____.

A : Three

B : Two – (Correct Alternative)

C : Four

D : Five

109

109

The another name of yogic breathing exercises is _____.

A : Meditation

B : Raj Yoga

C : Karma Yoga

D : Pranayama – (Correct Alternative)

110

110

Which asana stimulates thyroid gland ?

A : Sarvanga Asana – (Correct Alternative)

B : Chakrasana

C : Padmasana

D : Virukshasana

111

111

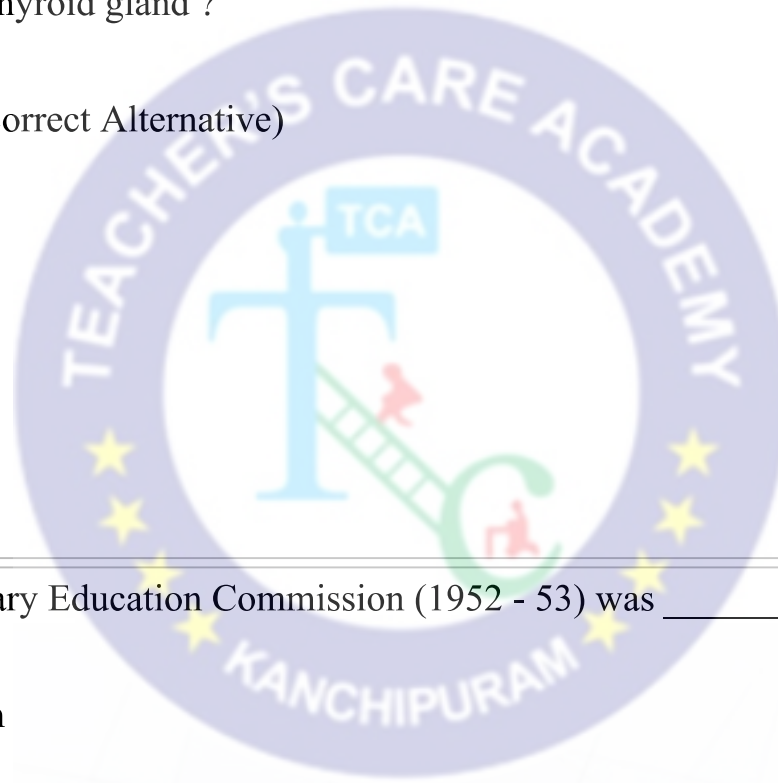

The chairman of Secondary Education Commission (1952 - 53) was _____.

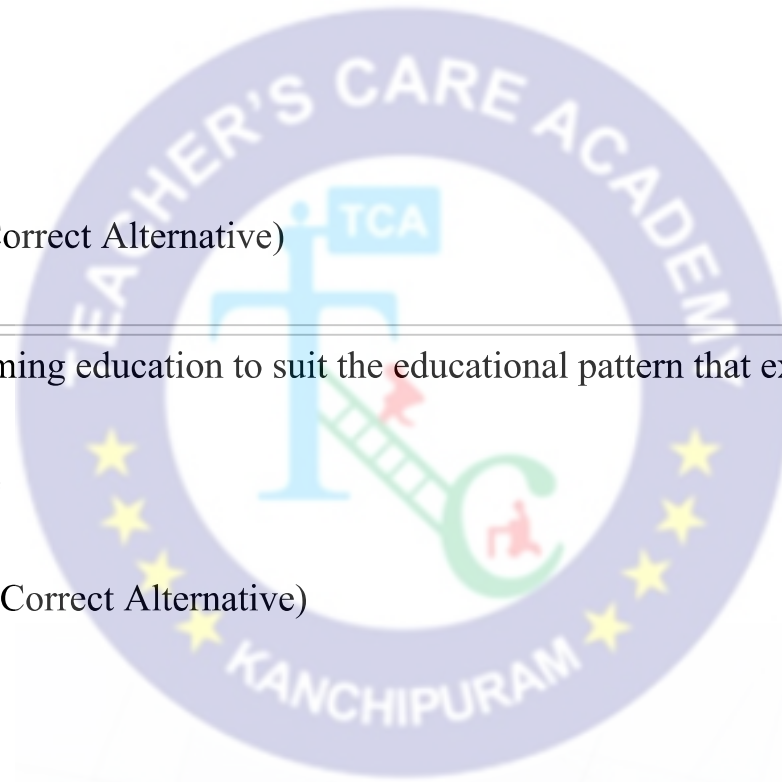

A : Dr. S. Radhakrishnan

B : Dr. Zakir Hussain

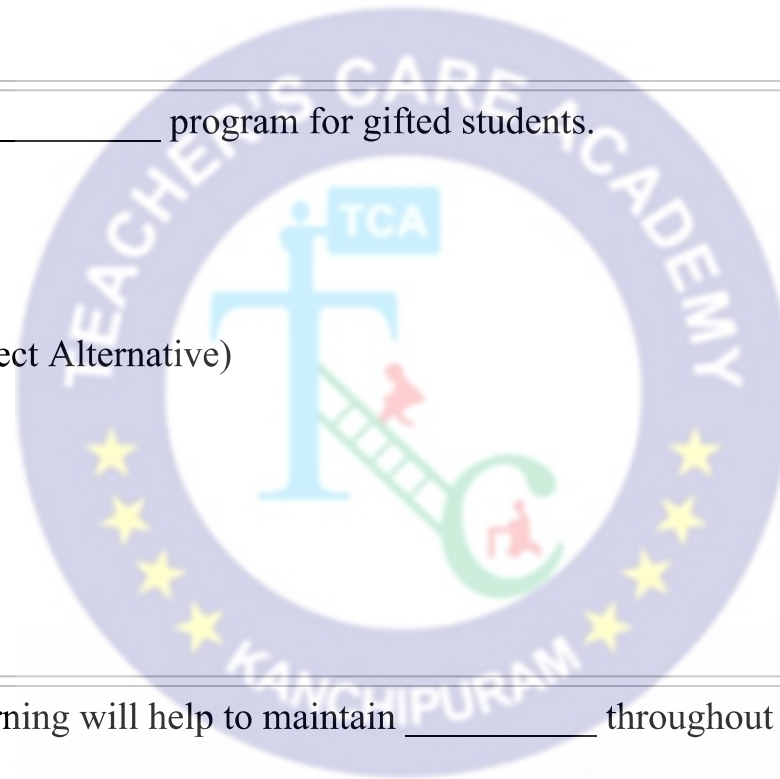

C : Dr. A. Lakshmanaswamy Mudaliar – (Correct Alternative)

D : Dr. D.S. Kottari

112	112	<p>National Adult Education Programme (NAEP) was launched by the Government of India on ____.</p> <p>A : 5 April, 1977</p> <p>B : 5 September, 1977</p> <p>C : 22 February, 1978</p> <p>D : 2 October, 1978 – (Correct Alternative)</p>
113	113	<p>Who insisted upon reforming education to suit the educational pattern that existed in ancient times ?</p> <p>A : Rabindranath Tagore</p> <p>B : Swami Dayanand – (Correct Alternative)</p> <p>C : Mahatma Gandhi</p> <p>D : Swami Vivekananda</p>
114	114	<p>The term usually used to refer to people with superior intellectual or cognitive performance is :</p> <p>A : Gifted – (Correct Alternative)</p>

B : Talented

C : Smart

D : Standard

115

115

Double promotion is a _____ program for gifted students.

A : Enrichment

B : Acceleration – (Correct Alternative)

C : Ability grouping

D : Segregation

116

116

Minimum Levels of Learning will help to maintain _____ throughout the country.

A : Common Scheme of Education

B : Reasonable standard of Education – (Correct Alternative)

C : Flexibility of Education

D : Children Centred Education

117

117

Which one of the following listed factors that influence learning are not related to the content ?

A : Nature of the content

B : Methodology adopted for teaching - learning - experiences – (Correct Alternative)

C : Selection of the content

D : Organisation of learning experiences

118

118

According to Smith, the learning process involves a motive or drive, an attractive goal and a _____ to the attainment of the goal.

A : Strategy

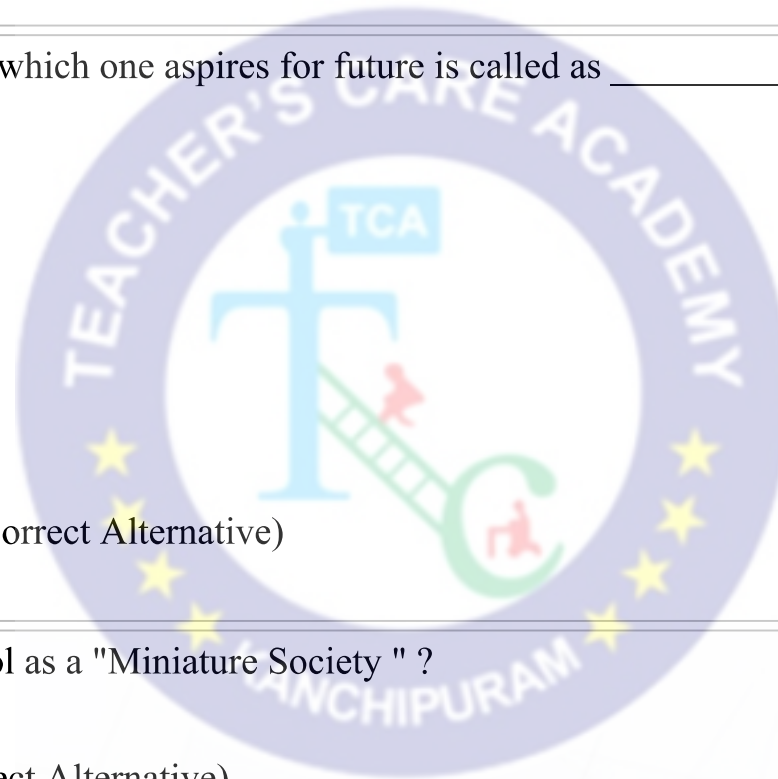

B : Block – (Correct Alternative)

C : Interaction

D : Need

119	119	<p>_____ years the child's brain gains 80 percent of its final weight.</p> <p>A : Four – (Correct Alternative)</p> <p>B : Eight</p> <p>C : Two</p> <p>D : Six</p>
120	120	<p>Child's instincts, attitudes, appreciations, skills and abilities are primarily the product of :</p> <p>A : Thinking</p> <p>B : Teaching</p> <p>C : Learning – (Correct Alternative)</p> <p>D : Interest</p>
121	121	<p>In Learning curve, the period of little or no gain in learning is known as _____.</p> <p>A : Initial lag</p>

		<p>B : Plateau – (Correct Alternative)</p> <p>C : Cessation of learning</p> <p>D : Decreasing gains</p>
122	122	<p>Level of performance to which one aspires for future is called as _____.</p> <p>A : Principle of pleasure</p> <p>B : Use of reward</p> <p>C : Use of competition</p> <p>D : Aspiration level – (Correct Alternative)</p>
123	123	<p>Who maintains the school as a "Miniature Society " ?</p> <p>A : John Dewey – (Correct Alternative)</p> <p>B : Thurstone</p> <p>C : Dimock</p>

		D : Thompson
124	124	<p>According to John Dewey _____ is the only source of true knowledge.</p> <p>A : Learning</p> <p>B : Cognition</p> <p>C : Experience – (Correct Alternative)</p> <p>D : Memorizing</p>
125	125	<p>_____ reinforce the concept of 'life-long education' by providing for part-time study, in different disciplines.</p> <p>A : Pace setting schools</p> <p>B : Mobile schools – (Correct Alternative)</p> <p>C : Community schools</p> <p>D : Navodaya schools</p>
126	126	Sarva Shiksha Abhiyan has been operational since _____.

		<p>A : 1993 - 1994</p> <p>B : 2001 -2002</p> <p>C : 1999 - 2000</p> <p>D : 2000 - 2001 – (Correct Alternative)</p>
